

Operation Staff

Our operations department in Copenhagen needs additional players on its team.

Senior- and junior operators.

We can offer you an attractive package of dedicated and professional colleagues with an open minded team spirit, interesting and ambitious working environment, excellent employee benefits, busy days, and lots of challenges.

Our pool is operated from our head office in Copenhagen and our representative office in Singapore.

Norient Product Pool currently manages 36 product tankers trading worldwide, however, the pool participants have considerable new building programmes, which will add a substantial number of new vessels during the coming years.

Read more about us at www.norientpool.com

**Join us in our vision to
become number one in our league !**
